

Welcome to Psychic & Energy Work's Home Page

for June 2021

Hello and welcome to Psychic & Energy Work, a Sydney-based site focused upon spiritual growth. It aims to help people make sense of invisible dynamics as they arise in the "real" world. By releasing what's "not" energetically, we help to optimise life. That's, after all, layer upon layer and the dare is to get the balance right.

Psychic & Energy Work offers readings, healings, spirit work, space clearings, past life sessions, numerology, courses and intuitive mentoring. It is all-culture, -ability and -gender friendly. To learn more, scroll through the *Pages* menu to the left or below (depending upon the device you're using).

feel free to look through my *Shop* as well!

Face-to-face sessions are available and adhere to social distancing requirements. Working at a distance is just as effective. We can work this out when you [get in contact](#) (which is best done via phone or sms).

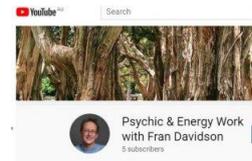

Recapping last month...

"May" sought to consolidate what people have been learning this year. Did you find that? A quieter time or more room to process things? I'm not saying there weren't moments of fullness but many of my clients seemed to get more insights. With them came more clarity and finetuned perspectives. If you found guidance louder or easier to access, you were in sync. Last month seemed well-timed as a pit-stop for many. This year's about change, improving, enhancing. Such things often flow out of trying, testing, sorting. Assimilation is another great word for the outcomes on offer last month.

At this point of writing, it's important to note that I'm in Australia. It's a fortunate place – right now especially, in terms of peace and health. "May"s chart brought "6"s to work with. They signal harmony, peace, equity. Balance emerged louder as a demand – e.g. plane hijacks; land grabs; derogatory missives.... "6" says "get real"; live **in** and **as** truth – not just one's own; wholistic. It's certifiable health in- **and** out; no more agendas limiting or skewing. Even in Aus, such dynamics helped folk adhere to/remember standards. "6" also denotes wellness, health, healing; responses to pandemics; vaccinations. The century "2---" is about sharing; no longer treating other as a threat. We're still discovering what that can mean after a 1,000 years of more self-focus. Many plusses came from the 1000's but there are a few patterns we're ready to lose. Last month, life continued prompting upgrades to dogma, system, thought, position. We each play a role in this. "2021" seeks more genuinely, truly wholistic self. **Feel free to review my *Observations about Last Month* or earlier by visiting [The Archives](#). What about this month?

“6”s present this month, too. Three in total. That’s worth noting. The “quietness” of “May” could continue, acting as a lull before “July” unfolds. “0”s and “5”s hold at four each. Use time out groundedly. Nurturing health requires proactivity. You need to water shoots to grow nice landscapes. Three master numbers could spotlight leadership again. Through self-interest – the need for more or less of that vibe – we’ll sense how to manifest more of what feels truly divine.

What we entertain is another construct that links to this year’s “5” vibes as well. We tend to reap what we focus on, believe, think, feel. This month might flag the role of positioning, reviewing stances and platforms. The “1” and “2” tallies are reasonably even this month - eight of the former, nine of the latter. This could find some dosey do’ing in and out of “success”. When these two counts are reasonably equal, life can seem more supportive/responsive. Zones like this, especially with some master numbers (one of which is “20”), often hone self’s nurturing. Insights re in(ter)dependence and the need to treat space well could come in stronger or more regularly. Do you sense how that word – interdependence - includes three levels of leaning and stance? An absence of “8”s are likely to see “June” less busy somehow.

Caring for outcomes, ahead of delivery, can really help life flow well. Next month, “July”, carries stronger rhythms; more chance for (r-)evolution. That needn’t signal that “bad” times are coming. Master numbers can flag breakthroughs, miracles. **This** month could, therefore, prep you for moments when more great change comes rolling in. “5” periods – this year - in hindsight, help folk manifest amazing end states. **To read Psychic & Energy Work's full forecast for this month, click [here](#) or upon *Monthly Observations* in the Page menu. On Thursday, 3 June, I'm joining Michael Hunter on this month's Metaphysical Show on Adelaide's Three D Radio. Join us at threedradio.com, 9pm South Australia time, as we go live-to-air. We talk about things energetic; look at numerology; and offer free mini-readings. If you'd like one, email your first name, date of birth and question to metaphysicalshow@gmail.com before or during the program.

Some background... The Metaphysical Show is one of Australia's longest-running, spiritually-focused radio programs. Over the last 3 decades, Michael has connected listeners with "new age" thoughts, practitioners and music. I am fortunate to accompany him regularly and, once on air, the Show just kicks in. If you can't tune in this month, feel free to come back from June 7th to download it here.

Based in the Inner West of Sydney, I work with people face-to-face, via phone, video, email, Skype or WhatsApp. To develop intuitively or book a session, [click here](#).
