

Welcome to Psychic & Energy Work's Home Page

for September 2021

Hello and welcome to Psychic & Energy Work, a Sydney-based site focused upon spiritual growth. It aims to help people make sense of invisible dynamics as they arise. By releasing what's "not" energetically, we help flow to optimise. Life's, after all, layer on layer and the dare is to get the balance right.

Psychic & Energy Work offers readings, healings, spirit work, space clearings, past life session, numerological profiles and intuitive mentoring. It is all-culture, -ability and -gender friendly. To learn more, scroll through the *Pages* menu to the left or below (depending upon the device you're using).

Face-to-face sessions are not available during Sydney's lock-down. **I can work with you via phone or video which is just as effective.** We can work this out when you [get in contact](#) (which is best done via phone or sms).

Recapping last month...

"August" wanted people reflecting. Did you experience this? It was high in "1"s, "2"s and "5"s, and also brought three "4"s and "9"s. "4" helps awareness bloom; "1", self-knowledge, backing and channelling grounded "me" well. "5" seeks change, patience, forbearance; "4" targets frameworks, tightening results. Covid lock-downs call for tolerance. This continues as the "war" zero's in on alternate health. Egoic self is binary, only sensing good v bad. **"5" wants balance and even lock-downs offer pluses and downsides. We're all used to patterns. This year and decade are here to help people reboot.** Humans, especially those used to freedom, are being nudged to reorient.

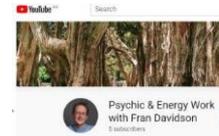

Egoic self often rebels against any limit it hasn't foreseen. In this sense, covid is offering amazing lessons. The key to manifesting is to not let negativity drive. Last month brought solid healing on rhythms that have proven destructive. Clarity came via downloads and outer events, encouraging selves to shift mindset. **"August's chart offered three "8"s – success as its lived and breathed. This number's about cooking well – how are your models and recipes?** The universe wants everyone reaching their summits. We don't always gather what that entails. When we dance well with flow and divine will, life tends to unfold more wholistically. Just because you don't sense straight-line movement, don't assume blockage in things.

Source is never not involved as guider; we're the ones who lose focus. Tangible cues often re-bloom as we remember to breathe, relax and let the universe inform us. Don't fill space with disappointment; release tunnel-vision and pessimism. **Deliveries arrive best when we stop filling delivery docks with what "isn't". Downward projections are part of self's journey but needn't be a**

resting point. Implicit in this is not staring and getting on as best one can. Life can unfold differently to plan; like a tourist drive rather than highway. This needn't signal wrongness or failure. There's something to gain from any detour. Easy to say; hard, at times, to remember. We're always being led to truer, firmer, soul-full "me". The "2020"s and "5" periods can seem unfair yet come to offer breakthroughs, often in a number of ways. **Feel free to review my *Observations about Last Month* or earlier by visiting *The Archives*. What about this month?

This month could test; two master numbers and seven "5"s hint at such vibes. Stretching, rebirthing, change and adventure could re-present as themes. Three "5"s are heaps; seven are extreme yet still point to positive times. "5" isn't only learning through "I can't"; it also flags pioneering.

"September" could help you really get out there, forget limit, get on with things. This is a big message this year. How are you doing in this regard? Seven "5"s could frustrate in the name of amazing newness. "5" denotes landscape free from fence lines; living as souls, in physical form, as we truly need.

So, this month offers chances to launch ships you positively love! "9"s are higher so endings are due. This could flag incredible fun. "5" can denote innovation, new pathways, adventures. **"9" preps selves for those journeys; spring-cleaning to help futures unfold well. It calls upon people to re-connect with potential and release routine.** "2"s and "1"s are low in tally – perhaps less focus on you vs me. This might see more sensing and learning, consciousness bursting in certain spheres. You may glean more about what long-term goodness (and success!) takes. Life is attempting to open eyes up so that nirvanas are reached. That emerges layer upon layer, helping what's wholesome manifest firmly. Don't be surprised if, through such rhythms, "September '21" adds value to your journey. **To read *Psychic & Energy Work's* full forecast for this month, click [here](#) or upon *Monthly Observations* in the Page menu. On Thursday, 2 September, I will join Michael Hunter on this month's Metaphysical Show on Adelaide's Three D Radio. Join us at threedradio.com, 9pm South Australia time, as we go live-to-air. We talk about things energetic; look at numerology; and offer free mini-readings. If you'd like one, email your first name, date of birth and question to metaphysicalshow@gmail.com before or during the program.

Some background... The Metaphysical Show is one of Australia's longest-running, spiritually-focused radio programs. Over the last 3 decades, Michael has connected listeners with "new age" thoughts, practitioners and music. I am fortunate to accompany him regularly and, once on air, the Show just kicks in. **If you can't tune in this month, feel free to come back from Sept 6th to hear it here.**

Based in Sydney's Inner West, I work with people face-to-face, via phone, video, email, Skype or WhatsApp. **To develop intuitively or book a session, [click here](#).**
